

WeWatch V70

WEWATCH V70

With the V70, manufacturer WeWatch offers a standard portable LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 15000:1. The manufacturer specifies an LED service life of 50,000 hours, which equates to over 34.2 years at 4 hours per day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The horizontal and vertical keystone correction provides leeway when setting up. The projector will be able to illuminate a picture width of 190 cm well. However, if room light is available, the picture width should ideally not exceed 127 cm. The projector has DLNA, Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. It is also Full HD 1080P and 4K (compressed) compatible.

3 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Projector	350	Screen	156 Lux (bei 200 cm Screen)
