

Wimius K1

WIMIUS K1

The K1 LED LCD projector from Wimius has 400 Ansi lumens and an HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of up to 100,000 hours, which is equivalent to over 68.5 years at 4 hours per day. 203 cm image width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 135 cm. The projector has screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Even 1080P playback is no problem for the projector.
