The Wimius W7 LED LCD projector has 600 Ansi-Lumen, a contrast of 15000:1 and a HDTV 1920 x 1080 resolution. It is an LED projector with 160000 hours of light life, which converts to over 109.6 years at 4 hours per day. As Wimius specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. An image width of up to 249 cm is possible as the projector has 600 Ansi lumens. However, if room light is available, the picture should be max. 166 cm wide. The projector has Airplay, Miracast Screen Mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. It is also Full HD 1080P and 4K (compressed) compatible.

1 x 4,5" LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

665 / 10000 Lumen
15000:1 full on/off
