XGODY T01

The XGODY T01 LED LCD projector has 200 Ansi lumens, a contrast of 6000:1 and an HDTV 1920 x 720 resolution. The lifespan of the LEDs is 60,000 hours, which is over 41.1 years with a daily viewing time of 4 hours. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The projector can illuminate images up to 144 cm wide thanks to its 200 Ansi lumens. In room lighting, however, the picture width should ideally be less than 96 cm. The projector has Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. It is also Full HD 1080P compatible. The operating noise of just 25 decibels makes the projection quiet.

Brief Introduction Beta 2.5
