# XIAPIPRO S3 Pro

**Brief Introduction**
Beta 2.5

The XIAPIPRO S3 Pro Game-portable 3D LED LCD projector has 400 ANSI lumens, a contrast ratio of 20,000:1 and an HDTV 1920 x 1080 resolution. The LEDs give the projector a light lifespan of up to 30,000 hours, which is the equivalent of over 20.5 years at 4 hours a day. A picture width of up to 203 cm is possible. However, the picture should be smaller in room light. We recommend a maximum of 135 cm. The model recognises Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via WLAN. In addition, the Bluetooth option is a useful addition for the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080P and 4K (compressed) as well as 3D without any problems, and thus all currently available Blu-ray formats can be recognised by the projector.

| | Projector | Screen |
