

XuanPad K10

XUANPAD K10

The XuanPad K10 LED LCD projector has 700 Ansi-Lumen and a HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which would be over 20.5 years with a daily viewing time of 4 hours. The projector will be able to illuminate a picture width of 269 cm well. However, if room lighting is available, the picture width should ideally not exceed 179 cm. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Video signals 1080P and 4K (compressed) are also no problem for the projector.
