

Yoton Y3

YOTON Y3

The Game-Portabel Y3 LED LCD has 120 Ansi-Lumen and a HDTV 1280 x 720 resolution. Manufacturer Yoton specifies a service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. The projector can illuminate a picture width of up to 111 cm well thanks to its 120 Ansi lumens. In room light, however, the picture width should ideally be less than 74 cm. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. The model is also Full HD 1080P compatible.
