

Yoton Y4

YOTON Y4

The Game-Portabel Y4 LED LCD has 200 ANSI lumens, a contrast ratio of 2000:1, and an HDTV 1280 x 720 resolution. The LEDs have a service life of 30,000 hours, which equates to over 20.5 years at 4 hours per day. It includes an integrated media player that allows files to be played directly. A built-in horizontal and vertical keystone correction feature gives you freedom when setting up the projector. The projector can illuminate images up to 144 cm wide thanks to its 200 ANSI lumens. However, in room lighting, the image width should ideally be less than 96 cm. The projector supports Airplay and Miracast screen mirroring, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. Even 1080P playback is no problem for the projector. The operating noise of only 25 decibels makes the projection quiet.
